FlyRank AI

Issued October 18, 2026

Recommendation Letter

To whom it may concern,

I am pleased to recommend Ernest Mlati Mwang'ombe, who completed the FlyRank AI Internship Program from July 1, 2026 to October 18, 2026 in the role of Back-End AI Engineering Intern.

During the program, Ernest completed 15 practical assignments applying curriculum in API contracts, Task design and prompting, Retrieval and grounding, and Evaluation and operations.

The program record documents at least 129 hours across practical assignments, accepted capstone work, program meetings, and verified Anthropic Academy courses.

As the culminating project, Ernest completed "Embeddable Widget & Lead-Capture Platform," which was reviewed and accepted by the lead track mentor.

Participation also included 15 attended program meetings and 4 verified Anthropic Academy courses.

Based on this verified completion record, I recommend Ernest for opportunities aligned with back-end engineering and applied AI systems.

The approved internship specialization was Backend AI Engineering; the independently qualified completed track was Backend AI Engineering.

About this recommendation	
Recommendation for	Ernest Mlati Mwang'ombe
Program role	Back-End AI Engineering Intern
Program completed	FlyRank AI Internship, July 2026
Primary specialization	Backend AI Engineering
Completed track(s)	Backend AI Engineering
Participation period	July 1, 2026 to October 18, 2026
Program supervisor	Arijana Ibrović - Director of Internship Program

Sincerely,

Alen Malkoc
